MOUTH OF THE COLUMBIA.

Stubborn facts and conditions may be disputed for a time and those not in a position to know may believe, but the truth will finally out. Astoria has maintained that the center of improvement on the Columbia should be at its mouth; that to permit the Columbia to become clogged at its mouth would naturally shut off this great river from navigation and isolate its great basin from the water transportation facilities of the world; to do this would hit the richest and grandest country yet discovered the hardest blow that could be given. Astoria has always maintained this. Deep water at the mouth of the Columbia—permanent deep water, and the greatest obstacle of the navigation of the river is overcome. Spend money elsewhere and it is a waste until the entrance way to the sea is assured. Great efforts

Know that in spite of hard work in the clear forest the blood often becomes impure. The heavy food served in the lumber camps is to a great extent responsible for this condition of the blood, which renders the body an easy prey to many forms of disease. There is no better blood purifier than Dr. Pierce's Golden Medical Discovery. It cures eruptions, pimples, eczema, scrofula, rheumatism, and other diseases caused by an impure condition of the blood. It cures absolutely and altogether by cleansing the blood from the poisons which breed and feed disease.

Accept no substitute for the "Discovery." There is no other medicine "just as good" for the blood. "I will forever thank you for advising me to take Dr. Pierce's Golden Medical Discovery," writes Mrs. James Murphy, of Pecos, Pecos Co., N. M. "It has cured me of chronic eczema of twelve years standing. I also had chronic dandruff for twelve years. I am in good health now—better than I ever was in my life, owing to Dr. Pierce's Golden Medical Discovery." I took several bottles of the "Discovery" before I stopped.

Dr. Pierce's Common Sense Medical Adviser, containing 1008 pages, and over 700 illustrations, is sent free on receipt of stamps to defray expense of mailing only. Send 21 one-cent stamps for the book in paper cover, or 31 cents for the book in cloth binding. Address Dr. R. V. Pierce, Buffalo, N. Y.

have been made to place the appropriations elsewhere and let the mouth of the river take its chances. Those who needed an open river at the mouth and a deep channel worse have been most persistent in pulling for improvements elsewhere.

But when the matter is looked at from an unprejudiced standpoint, there is but one verdict to be rendered; the evidence is unimpeachable and stands uncontradicted—the central point to look after is an open river at the mouth.

Mr. Harriman, the great railroad man, the man who has not the time to talk wildly, but who talks to the point, told the people of Portland wherein their salvation lay. A keen-eyed business man, who is above small prejudices, he came and saw for himself. Having seen he was convinced. He went straight back to Portland and told them that they should look well to the mouth of the Columbia. Here lies their hope. When the ships once get inside, the river boats will do the rest. When once over the bar they have a safe harbor at Astoria and from here the river boats and railroads will look after the Upper Columbia. Establish the seaport where it belongs, or rather recognize its proper point, for it is already established by nature, and then open the channel gradually to the very source of the Columbia and let the traffic along its shores have access to the world and the results will be felt throughout the channels of commerce.

Astoria has long been called a fishing village by those jealous of her. She has made a long and stubborn fight for the position to which she belongs. Her day is coming. She is the natural seaport of the Columbia and such men as Harriman are beginning to see it. A few more years and others will be convinced, and ere many more all of the opposition of the inland city and its wide influence will not pull a deep sea vessel above this point. From one end of the river to the other, vessels will make this their objective point, and the wildest dreams of the first founders of Astoria will be fulfilled. She will be the New York of the Pacific.

Those red buttons are worrying the Mongrels. Their organ has now jumped from Astoria to Seaside for material. Reliable reports from Seaside are to the effect that the statements are about as untrue about the situation there as they have been about Astoria. Boys, you might as well draw off. Your tactics are getting you the "horse laugh." Of course, you will have the same old statement to fail back upon after the election that you knew that you were going to be defeated, but just made the fight for appearance sake, but you have said that so often that the people have you sized up. They know you are not sincere. You may enjoy that sort of thing, but you may mislead some good man.

Speaking of the reports coming out from Portland constantly that Chamberlain would carry Multnomah County, a gentleman from that city who is well posted and a very conservative man, said yesterday: "Owing to the peculiar situation in Multnomah County Mr. Chamberlain will get more votes than he otherwise would, but the people may rest assured that he will never carry the county. Mr. Furnish and the entire Republican ticket will carry Multnomah County. All the talk about a Democratic landslide is bosh."

The thing that seems to worry the mongrels here is that Furnish could not make a spread eagle speech at the opening of the Lewis and Clark exposition in 1905. These patriotic noise-makers would sacrifice the interest of the state just to have a loud ten minutes speech made on the occasion of the opening of the exposition. They followed the loud speeches of Mr. Bryan for eight years and they know where they came to, but they want more of it.

You never heard of any one using Foley's Honey and Tar and not being satisfied. For sale by Frank Hart.

TRAVELLERS

People who travel and are constantly on the road are very liable to have dyspepsia or some other form of "stomach trouble." They have to live as they can, not as they would. The train won't stop for them to eat, they must eat when the train stops, and in general the food hurriedly swallowed in the "ten minutes for refreshments" is of an indigestible character. It is small cause for wonder that under such conditions the stomach becomes disordered and diseased. One of the peculiar features of the times is that the scores and thousands of people who don't have to travel persist in living as if they did. They eat at home or in the restaurant as if the time for refreshment was limited to ten minutes and they were in momentary expectation of the call, "All aboard!" to break in upon their hurried meal. The very natural consequence of this way of living is to recruit the great army of dyspeptics. Dyspepsia has many stages which range from mere discomfort to utter mental misery and physical wreck. But at any stage dyspepsia is a menace to health and happiness. Ordinarily we think of dyspepsia as a disease affecting only the organs of digestion and nutrition. But as a matter of fact the disease affects the whole body. It causes physical lassitude, mental dullness and depression, headache, muscular debility and constipation or irregularity. It is one of the greatest handicaps to human happiness and usefulness the world knows.

Side by side with these facts there is another: Dyspepsia can be cured, has been cured, and is being cured by the use of Dr. Pierce's Golden Medical Discovery. It cures dyspepsia at any stage, and the only difference between the cure of an old and obstinate case of dyspepsia and the disease in its beginning, is a difference of time. It takes longer to cure a disease which has had years perhaps in which to root and a disease which has only just begun to show itself. But so uniform are the results obtained by the use of Dr. Pierce's Golden Medical Discovery that it may be affirmed that in ninety-eight per cent. of cases a perfect and permanent cure will be obtained. It always helps. It almost always cures.

Mr. Ned Nelson, the celebrated Irish Comedian and Mimic, of 577 Royden Street, Camden, N. J., writes: "We fulfilled an engagement of twelve weeks, and the constant traveling gave me a bad touch of that dreaded disease called dyspepsia. I had tried everything possible to cure it till last week while playing at B. F. Keith's Bijou Theatre, Philadelphia, in the Nelson Trio, a professional friend of mine advised me to try Dr. Pierce's Golden Medical Discovery. I tried it, and, thank God, with good results."

"Having seen the advertisement of your 'Golden Medical Discovery,' and being a great sufferer from the effects of stomach trouble for the past eight years, I concluded to try your medicine," writes Mr. W. A. Maxwell, of Marshfield, Coos Co., Oregon. "I had tried almost every known remedy, and also consulted with the best medical skill attainable, but all without any relief. After reading one of your circulars I concluded to try one bottle of Dr. Pierce's Golden Medical Discovery. After taking one bottle I felt so relieved it induced me to continue. Am now on the fourth bottle and have not had a spell of bloating or 'acid stomach' (which was very painful) for the last six weeks. Before the use of your medicine I was in dread of every mealtime, for in twenty minutes after eating I would be racked with pain. Indigestion was my principal ailment, and I have been also terribly afflicted with asthma, which, I believe, was brought on through the medium of indigestion. Now, as I stated, after having used four bottles of your medicine, I have not had an attack of sour stomach or painful bloating, and my asthma has just about disappeared. In fact, I feel better now than for the last ten years."

The cures effected by the use of "Golden Medical Discovery" are real and lasting. A large number of the so-called "remedies" offered for dyspepsia, are mere palliatives. The most they can do is to give some temporary relief from physical discomfort. But the "Discovery" makes a perfect and permanent cure. It does this because it is much more than a mere medicine for dyspepsia. It cures diseases of the stomach and other organs of digestion and nutrition. It cures diseases of organs seemingly remote from the stomach, but which in reality have their origin in a diseased condition of the stomach and its allied organs. Thus with the cure of dyspepsia and stomach "trouble" comes the cure of diseases of liver, kidneys, heart, lungs, and other organs, when these diseases, as is often the case, have their cause in the diseased condition of the organs of digestion and nutrition.

Sometimes a dealer, tempted by the little more profit paid on the sale of less marvellous medicine, will offer the customer a substitute as being "just as good" as the "Discovery." It is better for him because it pays better, but it is not as good for you, if you want the medicine that has cured others, and which you believe will cure you.

If you are looking for a laxative which is gentle in action and effective in results, try Dr. Pierce's Pleasant Pellets.

Dr. Pierce's Common Sense Medical Adviser, 1008 large pages, is sent free on receipt of stamps to pay expense of mailing only. Send 31 one-cent stamps for cloth-bound volume, or only 21 stamps for the book in paper covers.

FILTHY TEMPLES IN INDIA.

Sacred cows often defile Indian temples but worse yet is a body that is pointed by constipation. Don't permit it. Cleanse your system with Dr. King's New Life Pills and avoid untold misery. They give lively livens, active bowels, good digestion, fine appetite. Only 25c at Chas. Rogers drug store.

VIRULENT CANCER CURED.

Startling proof of a wonderful advance in medicine is given by druggist G. W. Roberts, of Elizabeth, W. Va. An old man there had long suffered with what good doctors pronounced incurable cancer. They believed his case hopeless until he used Electric Bitters and applied Bucklen's Arnica Salve, which treatment completely cured him. When Electric Bitters are used to expel bilious, kidney and microbe poisons at the same time this salve exerts its matchless healing power, blood diseases, skin eruptions, ulcers and sores vanish. Bitters 50c, Salve 25c at Chas. Rogers.

Charity is just what you are and a reputation is just what people think you are.

Foley's Honey and Tar is peculiarly adapted for asthma, bronchitis and hoarseness. For sale by Frank Hart.

A LESSON IN HEALTH.

Healthy kidneys filter the impurities from the blood, and unless they do this good health is impossible. Foley's Kidney Cure makes sound kidneys and will positively cure all forms of kidney and bladder disease. It strengthens the whole system. For sale by Frank Hart.

A REVELATION.

If you will make inquiry it will be a revelation to you how many succumb to kidney troubles in one form or another. If the patient is not beyond medical aid, Foley's Kidney Cure will cure it never disappoints. For sale by Frank Hart.

There are some wise fathers in this town who may some day know as much as their sons.

WHAT IS FOLEY'S KIDNEY CURE.

Answer: It is made from a prescription of a leading Chicago physician, and one of the most eminent of the country. The ingredients are the purest that money can buy, and are scientifically combined to get their utmost value. For sale by Frank Hart.
